

The call for the 2021 EDGE Fellowship applications is NOW OPEN

We are only receiving applications from Latin America, Caribbean and Pacific islands

One of the most effective ways ZSL's EDGE of Existence programme (www.edgeofexistence.org) is working to secure the future of EDGE species is by awarding two-year Fellowships to future conservation leaders "EDGE Fellows" working on poorly-known EDGE bird, mammal, amphibian, reptile, shark or ray species.

EDGE Fellows follow a comprehensive two-year training programme comprising of:

- A grant of up to £10,000 to undertake a 2-year project on a priority EDGE species
- A 4-week Conservation Tools training course held in the tropics
- Ongoing technical support and mentorship from ZSL biologists
- A 2-week Conservation Leadership training course held in London

Eligibility:

- Focus your work on an EDGE species included on the 2020 curated list
- Be an early-career conservation biologist or wildlife manager (less than 10 years' experience)
- Be a resident of the country in which the proposed focal species occurs.

The EDGE Fellowship application deadline is **6th September 2020**. Successful applicants will be announced by the end of November 2020.

Visit the EDGE website to learn more: www.edgeofexistence.org/apply-now

ZSL's EDGE of Existence Programme is kindly supported by Fondation Segré, On The EDGE Conservation and the Ernest Kleinwort Charitable Trust
